**VI. New Business:** Jenny talked about the benefits of becoming a chapter member. Maureen shared the website where members can get the form to sign up. The website is [www.thecapa.org](http://www.thecapa.org). Maureen explained that our chapter gets \$10 for every member we have. That can be put towards paying for speakers, for instance. Jenny shared trainings she knows about and asked others to talk about ways they get ideas. Jenny said that some trainings are on [www.activityconnection.com](http://www.activityconnection.com). You have to pay to access that site. Carrie shared that NAP is a national activity association that has a Facebook page with access to trainings. Carrie also said there are trainings through Point Click Care. Jacob said their community just got the iN2L. Jenny used to have that but now uses the Touch Town System. Maxine uses Golden Cares and the Creative Forecasting Publication to get ideas. Jenny said there are great speakers at the Global Leadership Summit. Jenny announced that CAPA is going to have a conference in Pueblo. Maureen said the dates are June 8-11 and a brochure will be on the CAPA website in April. Attendees of this meeting shared

what they learned through the pandemic. They also shared ideas they came up with during 2020. Maureen asked if she could type up their ideas and e-mail them to everyone and Jenny said that would be fine. Maureen will be sending them out soon. Jenny asked Maureen how often our chapter typically has meetings and she said every other month. All attendees were fine with our next meeting being in April. Jenny asked if people would like a speaker. Maureen said that more people might attend if we had a speaker. Jenny brought up the idea of having a chaplain speak on spiritual care. Attendees liked that idea. Our next meeting will be virtual. Carrie asked Jenny how many people answered the survey regarding meetings and she said around 26. Most people selected Tuesday, Wednesday or Thursday between 11-1. Jenny will try different times and days of the week to see what seems to work out best.
